

Ingrid Eggert

ENVIRONMENTAL ASSESSMENT PRACTITIONER

PERSONAL PROFILE

Experience in the field of environmental assessment and management on small and large scale projects – within a diverse range of industries.

AREAS OF EXPERTISE

- Environmental Impact Assessment processes (Scoping and Environmental Impact Assessments, Basic Assessments, Section 24GNEMA rectification processes, Waste Management/Air Emission Licence applications). Ingrid is proficient in handling all components of these applications, including impact assessment, regulatory process management, compilation of reporting and plans, appointment and management of specialists, engagement with competent authorities, stakeholder and public engagement and engagement with multi-disciplinary professional teams;
- Specific environmental permit / licence applications (e.g. in relation to protected tree species, CARA ploughing permits etc.);
- Compilation of Environmental Management Programmes for the construction, operational, decommissioning and closure phases of projects;
- Facilitation of stakeholder engagement and public participation processes (in or out of the EIA ambit);
- Due diligence auditing;
- Compliance auditing (construction and operational phases);
- Environmental training/education;
- Development and implementation of Environmental Management Systems (including ISO 14001);
- Strategic environmental inputs and sustainability strategies; and
- Peer reviews.
